

Overview of Charity Nights

Charity Nights are an excellent way to introduce Charity Members, Family and Friends to Charitable Gaming at the Cambridge Bingo Centre and at the same time earn money for the Charities.

How do Charity Nights Work

- The Cambridge Gaming Association Executive works along with the Cambridge Bingo Centre to determine the date/dates of the Charity Nights.
- Once the date/dates are known, an e-mail will be sent to the membership of the Association to announce the details of the Charity Nights.
- Each individual charity is asked to inform their membership (volunteers, office staff) of the upcoming Charity Night. The membership is then asked to invite their family and friends to the Charity Night.
- Charities will receive \$10.00 for each charity member/friend that has registered at the Charity Night provided they have made a Minimum Purchase of \$19.00
- The funds received by the Charity from the Association can be used for any purpose. These funds do not get deposited into the OLG Account.

What Happens on the Night of the Charity Night?

- On the Night of the Charity Night, the charity members (family and friends) purchase product exactly like a Bingo Customer would at the Point of Sales counter.
- The Charity Member notifies staff at the time of purchase that they are there to support a particular Charity that participates in cGaming at the Cambridge Bingo Center. If the Charity Member purchases a minimum of \$19.00 in bingo product, staff will then record the purchase on a tally sheet. Staff then will mark the Sales Receipt to indicate that there purchase has been recorded.

When do the Charities receive their funds from the Charity Night?

- Before the Charities receive their funds from the Charity Night, the tally sheets are totaled.
- Cheques are then written to each charity that participated in the Charity Night.
- Charities are then notified when their cheques are ready to be picked up.
- Charities will then deposit their cheques into their General Operating Account. ***These cheques do not get deposited into the OLG Account.***
